### **Inclusion and Wellbeing:**

Sacred Heart inclusion and wellbeing support is documented in Appendix A.

### **Teaching Staff:**

If teaching staff are unable to work for any reason during this time, for example due to sickness or caring for a dependent, teaching staff should report this using the normal absence procedure. The Headteacher will need to alert the Virtual Leader to enable virtual lessons to be covered if required.

When providing remote learning, teachers should ensure the following are adhered to:

- Use a curriculum sequence that allows access to high-quality online and offline resources and teaching videos, and that is linked to the school's curriculum expectations.
- Give access to high quality, age appropriate remote education resources.
- Provide printed resources, such as textbooks and workbooks for pupils who do not have suitable online access.
- Recognise that younger pupils and some pupils with SEND may not be able to access remote education without adult support, and work with the SENCO to deliver a broad and ambitious curriculum for all learners.
- Google Classrooms will be used to teach their class with a 'live' stream 'live' stream to check in with the children every afternoon. All lessons will be prerecorded and uploaded in advance of the start of the day.
- When admitting pupils to the 'live' lesson, teachers are to ensure more than one pupil is waiting to be admitted to the lesson.
- It is important that 'live' stream lessons are ended promptly; teachers should stay on line with their chaperone until all children have gone, and then disconnect from 'visible to other students' mode.

- There should be no instances of 1 to 1 'live' support or teaching given via Google Classrooms.
- The chat function should be blocked for pupil-to-pupil conversation outside of lessons. If the chat function is required during a 'live' lesson staff should monitor the chat and turn off the function if it is not required.
- Teachers will need to ensure that the dress code is followed, and an appropriate area is used to teach, where there will not be interruptions. There must be an appropriate background, ensuring no confidential or personal information can be seen.
- Teachers will liaise with the Virtual Leader regularly to ensure consistency across the school and to make sure pupils with limited access to devices can still complete the work.
- All staff will continue to look out for any signs that indicate a child may be at risk online and will report any concerns to the DSL.
- Where a small number of pupils need to isolate and access remote education for a few days, there will be links on the school website to suggested on-line learning.
- For any pupil needing to isolate for 10 to 14 days, each individual school will provide guidance to pupils and parents on work that is to be completed. Sacred Heart remote learning guidance for pupil's self –isolating for 10 to 14 days is documented in Appendix B.
- In the event of a full year group or full class bubble closure, each individual school will provide guidance to pupils and parents on the procedure to access remote learning. Sacred Heart remote learning guidance for the closure of a full year group or class bubble is documented in Appendix C.
- In the event of a full school closure each individual school will provide guidance to pupils and parents on the procedures to access remote learning. Sacred Heart remote learning guidance for pupils in the event of a full school closure is documented in Appendix D.
- Guidance on how Sacred Heart will contact pupils and parents to give feedback or assess work submitted is documented in Appendix E.

## **Appendix A**

Sacred Heart shares a purpose with parents to include all pupils and promote pupil and staff wellbeing. School recognises that negative experiences and distressing life events, such as the current circumstances, can affect the mental health of our children and their parents.

With children of critical workers and vulnerable children on site, and the remaining pupils accessing remote education, Sacred Heart will ensure appropriate support is in place for all pupils.

Sacred Heart understands that mental health issues can bring about changes in a child's behaviour or emotional state which can be displayed in a range of different ways, all of which could be an indication of an underlying problem. This can include for example being fearful or withdrawn; aggressive or oppositional; or excessive clinginess. Support for pupils and staff in the current circumstances will include existing provision in the school, although this may be delivered in different ways, (for example over the phone for those children still not attending provision) or from specialist staff or support services.

Sacred Heart Catholic Primary School will ensure that teachers are aware of the impact the current circumstances can have on the mental health of those students/pupils (and their parents) who are continuing to work from home, including when setting expectations of children's' work.

School will monitor both in school and online:

- Attendance • Injuries/marks
- Behaviour
- Language
- Online activity
- Demeanour and appearance

School will record:

- Attendance
- Any concerns regarding a child using CPOMS School's remote learning provision will provide learning which is additional and different for any child with an EHCP. Ensure all pupils can access the same high-quality teaching and learning regardless of ability.

As a school, we have agreed that feedback and marking will be completed via Google classroom.

Work submitted by children in EYFS will be commented on and acknowledged by a member of the Reception team. Due to the age of the children the nature of the feedback will be different as it relies on an adult at home reading the comments to the child.

Children will have access to answer schemes for Maths, Comprehension and Grammar activities. If there is an issue with any misconceptions, we ask that families/ children make their teacher aware by uploading their work onto Google classroom.

Extended pieces of writing will be set by the class teacher and marked in line with our writing frameworks. Children will have 1 week to complete and submit an extended piece of writing. The class teacher will feedback to children via Google classroom.

All other areas of the curriculum will be marked weekly with a positive comment and one area for improvement.

## **Appendix F**

Participation in remote learning will be documented by the class teacher daily. The record will be analysed regularly by SLT who will inform parents immediately where engagement is a concern.
